

NAYARA
ENERGY

Naye India Ka Nayara

Our

Mission

As an Indian-origin company, **Nayara Energy operates in India for India**, driven by a strong **commitment to fuel the nation's growing energy demands**. By supporting India's dreams and aspirations, Nayara Energy significantly contributes to the nation's energy security.

Our

Purpose

We are committed to providing the energy that fuels the dreams of our customers, partners, communities and employees.

EXCEL

Our Core Values

Energetic

Continually looking for better ways to shape tomorrow.

Xtraordinary

Constantly asking if there is a better way of doing things.

Courageous

Welcoming new challenges and taking bold steps in the ever-changing market landscape.

Ethical

Honouring commitments with integrity, consistency and transparency.

Lead

Taking ownership of our actions and leading by example.

Our EXCEL values propel us to shape a better tomorrow, today. Keeping curiosity, innovation and energy at the heart of everything that we do, we view every challenge as a new possibility.

Refinery & Jetty

Fuelling India's Energy Security

Home to India's **2nd largest** single-site refinery, with a capacity of 20 MMTPA, **contributing ~8%** to the country's refining capacity

Processes over 96% ultra-heavy and heavy crude, handling **129+ crude grades**

Backed by a **1010 MWe captive power plant**, ensuring energy self-sufficiency

NABL-accredited labs ensure consistent quality across petroleum and petrochemicals

Marine Facilities include a **Single Point Mooring (SPM)** for crude intake and two jetties for product offtake

Capable of handling a diverse range of crude, from sweet to sour and light to ultra-heavy

Located on India's **West Coast at Vadinar, Gujarat**, its proximity to the Middle East and the Suez Canal enables efficient sourcing and exports

1st Indian
Petroleum Refinery
ISO 45001:2018
Certified

Nelson Complexity
Index of 12.6
(most advanced and complex
refineries in the world)

High-capacity

Oil Marketing

Fuelling India's Mobility Needs

India's largest private fuel retail network

Serving **577+ districts** and **4,475+ pin codes** nationwide

Improving mobility and **access in underserved areas**

Supporting livelihoods through a strong, entrepreneur-led dealer network

Doorstep diesel delivery for industrial and commercial customers

Focused on delivering the **right quality and quantity** at every outlet

One of **India's largest rail and road loading terminals** at Vadinar

55+ supply locations and **4,500+ tank trucks** enabling nationwide distribution

AI-powered driver monitoring for safer logistics

Owned depots at Wardha and Pali with a **combined capacity of 45,000 KL**

Wide range of products including HSD, LDO, MTO, Bitumen, Petcoke, and Sulphur

Supplying products that meet **BIS standards** across sectors like transport, infrastructure, agriculture, and more

7000+ fuel stations
(cities and remote regions)

7%

Contributing ~7%
(India's fuel retail network)

Petrochemicals

Fuelling India's Petrochemical Needs

Expanding into petrochemicals through a **phased development approach**

Phase 1: A **450 KTPA** Polypropylene plant commissioned at Vadinar, Gujarat

Built on advanced **Unipol technology**

Uses **next-generation phthalate-free catalysts** to produce a wide range of polypropylene grades

Products packed in **secure, pilfer-proof polybags** using FFS technology

Phase 2 is underway, with plans for a world-scale petrochemical complex including a cracker and polyethylene units

8%

Contributing ~8%
(India's
polypropylene
capacity)

NABL-accredited Labs
ensure strong
quality control

CSR and Sustainability

Fuelling Communities and Livelihoods for a Greener Tomorrow

Created ~22.8 MCM of water storage, improving water access and climate resilience in villages

Empowered 4,000+ youth, 1,000+ farmers, and 300+ women entrepreneurs

Connected 36,000+ people to government and social welfare schemes

Supported 4.79 lakh+ patients with free diagnostic services

Helped reduce child malnutrition by 65% across 9,000 children

Reached 50,000+ Anganwadis and enabled daily waste management in 21 villages

Contributed to TB elimination efforts, supporting 10,000+ patients with nutrition and healthcare

Integrated 20 MW of renewable energy into refinery operations

Enabled 6.25 lakh KL rainwater harvesting at the refinery, along with 20+ MCM community water capacity

Recycled 6.37 million KL of water through advanced treatment systems

Restored 500+ hectares of mangroves under the MISHTI initiative

Developed a 410-hectare green belt at Vadinar, helping sequester 1.4 million tons of CO₂

Achieved zero oil spills and zero routine flaring

Reduced energy consumption by 5,491 TJ over five years

Installed 1.1 MW solar capacity at depots and 1,000+ solar-powered outlets

Planned 1000+ EV charging stations through CGD partnership

Diverting 99% of waste through circular practices

IGBC Silver-rated green retail outlet at Chengamanad, Kerala
