

## **Nayara Energy Celebrates 3<sup>rd</sup> Rashtriya Poshan Maah in Devbhumi Dwarka**

- *Launching health kiosks across 4 villages with remote consultation with experienced physicians and specialists*
- *Mobile health app for 1500 health workers in the region*

**September 8, 2020, Vadinar:** Nayara Energy, a new-age downstream energy company of international scale continues to partner with the communities through various sustainable development projects in areas of health & nutrition, education and environment, playing a pivotal role in improving the quality of life of the people surrounding their refinery in Vadinar, Gujarat. As part of 3<sup>rd</sup> Rashtriya Poshan Maah, Nayara Energy as a responsible “neighbor of choice”, will be launching multiple programmes, under the aegis of Project Tushti that endeavors to make Devbhumi Dwarka district under-nutrition free.

In 2019, Nayara Energy joined hands with the Government of Gujarat to launch **Project Tushti**, with the aim to improve the levels of nutrition in Devbhumi Dwarka district contributing to the overall progress of the region. Through its implementation partners, the company is curating interactive content to generate awareness on aspects of nutrition required for pregnant and lactating mothers as well as sensitizing local populace. The Company is planning to follow up awareness through extensive interpersonal counselling and home visits.

Additionally, the Company is organizing pediatric camps at Vadinar to conduct a follow-up screening of underweight children and accordingly, provide required counselling during this camp using videos, banners and other mediums.

Nayara Energy is installing health kiosks (mobile health ATM) at four health and wellness centers in the district. The health kiosks are enabled with e-clinic software providing details on demographics, complaints, medical and surgical history, auto health data analytics and primary health screening to give early diagnosis, treatment, and timely referral. The system is configured with a telemedicine system to support remote consultation with experienced physicians and specialists.

The Company also launched a training based mobile application for the benefit of about 1500 frontline healthcare workers (FHWs), Anganwadi workers (AWWs), Auxillary Nurses Midwives (ANMs) within the region. The mobile application is a learning and sharing platform for these health workers and provides them with access to relevant videos, trainings and interactive sessions.

**Dr. R.V.Patel, Chief District Health Officer (CDHO) of Devbhumi Dwarka said,** “The health of any community depends on access to proper nutrition and healthcare services. Nayara Energy has been working relentlessly to improve the overall health and nutrition of communities by increasing access to doorstep health services to ensure timely and affordable treatment. We would like to compliment and recognize the company’s focused efforts and facilities especially for women and young children.”

### **About Nayara Energy**

Nayara Energy is a new-age downstream company of international scale with strong presence across the hydrocarbon value chain from refining to retail. In August 2017, the company was acquired by international investors, Rosneft and an investment consortium comprising of global commodity trading firm, Trafigura and UCP Investment Group. The company owns and operates India’s second largest single site refinery at Vadinar, Gujarat with a current capacity of 20MMTPA. The refinery is one of the world’s most modern and complex refineries with a complexity of 11.8, which is amongst the highest globally.
